Ref:- B.P. No. Mis. 887 dated 27-2-1935

--

In the above B.P. Government order§approving the proposal of the Director of Public Health to appoint 6 lascars on 7-8-0 per mensem for one year at Siruguppa village from 1-4-1935 were communicated. Six lascars

5 27/2

were accordingly employed to clear the rank vegetation in the channels in and around Siruguppa village. There are 110 channels within a radius of $\frac{1}{2}$ a mile from Siruguppa village with a total length of 8,800 yards. A programme of work consisting of weed and silt clearance from the channels and filling up of swamp pits was fixed for them, and their work was watched by the officers of the Revenue and Health departments. The weeds in the distributary channels grow from time to time and they should be removed periodically. The District Health Officer, Bellary, who was consulted in the matter recommends that the present anti-malarial operations at Siruguppa village may be continued for one more year. I agree with him and request the Board to move the Government to sanction the appointment of the 6 lascars for 1936-37 also.

Cas 9423 from the Board of Revenue

R. No C. 1284/36-1 of 24.2.36

Subject

Establishment - ~~Tooppoorg~~ (Bellary) Sirugappa - Antimalarial operations - Lascars for the clearance of distributory channels - Retention

(Y)

In Go No 358 P.H of 21.2.35 the Govt have approved the employment of six lascars on Rs 7-8-0 each pm for the clearance of the distributary channels in Sirugappa with effect from 1.4.35. The sanction accorded in the above Go is for the permanent retention of the six lascars. (Provision for the staff has been made in the budget for 1936-37) The Board of Revenue has, however, interpreted the orders as sanctioning the employment for only one year from 1.4.35 and has therefore now addressed the Govt for the ~~further~~ retention of the staff for a further period of one year from 1.4.36.

Page 1 C.F.

The six lascars on Rs.7½ per mensem each referred to do not form part of the regular "establishment" and the ordinary rules relating to members of regular establishments do not apply to them. They are practically menials paid from contingencies, liable to be disbanded at any moment without any previous notice.

2. Though G.O.358 P.H. dated 21-2-35 may be interpretted as Govt. having accorded a permanent sanction for the recurring expenditure of Rs.600 per annum, the report in the C.F. shows that it is expedient to restrict the sanction to one year at a time. The District Health officer has merely recommended that the present anti-malarial operations at Siruguppa may be continued for one more year; and the Collector has agreed with him. It is apparent that the local office desire to watch the result of the employment of the lascars for some time, before coming to a decision as to the exact arrangement necessary as a permanent measure. It may be that the staff is not required for all the 12 months in the year. In the circumstances of the case, Finance may suggest to L.S.G. that, for the present, the recommendation of the Board viz. to retain the staff for one more year from 1-4-36 may be

Contra (1)
Rs.
6 lascars (7½) = 45
Tools, Plant... = 5
50
Total for a year = 600.
